

# GMCSF is "desired" gene

Exhibit A

Expose  
cell to test  
compound and  
assay for interaction  
between compound  
and GMCSF

D.

Select  
the cell  
expressing  
desired gene  
i.e., GMCSF

C.

Screen  
for cell  
expressing  
desired gene, i.e.  
GMCSF

B.

Integrate vector  
\*vector  
integrates  
around "desired"  
gene, i.e.,  
GMCSF

A.
